- State and federal regulations for firearm ownership and use
- Encroaching development

The WCLSC represents the sportsmen and women of Worcester County. We are dedicated to assisting the sporting community, land-owner, and the environmentalist in improving our fragile ecology. We partner with organizations within and outside of our county to make this vision a reality. Learn more at [www.wclsc.org](http://www.wclsc.org) and on Facebook @wclsc
